

COPD: Utilizing the 2017 GOLD Guidelines to Effectively Manage Acute Exacerbations in the Ambulatory and Acute Care Settings

08/01/18 Expiration Date: 12/01/18

Jointly provided by

and

Intended Audience

Nurse Practitioners, Nurse Midwives and Physician Assistants in acute and primary care roles.

Learning Objectives

Upon completion of this activity, the participant should be able to:

- Summarize and apply the 2017 GOLD guidelines to identify patients early in their disease process and to develop an individualized treatment plan for patients with COPD.
- Discuss the pharmacological treatment options available for patients with COPD, both for chronic maintenance and acute exacerbations.
- Utilizing the 2017 GOLD guidelines, explain the treatment options for chronic maintenance and acute exacerbations for patients with COPD.

Statement of Need

COPD is the number one reason for hospitalization in the world and the third leading cause of death worldwide. Chronic obstructive pulmonary disease (COPD) can be complex to manage in the ambulatory or acute care setting. Hear the latest clinical guidelines and treatment options available for patients with COPD, including treatment options available for patients who experience a combination of COPD, asthma, and/or bronchiectasis. Goals of care will be discussed throughout the presentation, and case studies will be utilized to engage the audience in the application of the 2017 GOLD guidelines.

Accreditation Statement(s)

In support of improving patient care, this activity has been planned and implemented by Dannemiller and National Nurse Practitioner Symposium. Dannemiller is jointly accredited by the Accreditation Council for Continuing

Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians

Dannemiller designates this enduring material for a maximum of 1.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurse Practitioners

This activity has been planned and implemented in accordance with the accreditation Standards of the American Association of Nurse Practitioners (AANP) through the joint providership of Dannemiller and

National Nurse Practitioner Symposium. Dannemiller is accredited by the American Association of Nurse Practitioners as an approved provider of nurse practitioner continuing education.

Provider number: 090419. This program is accredited for 1.5 contact hour(s) which includes 0.25 hours of pharmacology.

Nurses

Dannemiller designates this enduring material for 1.5 contact hour(s).

Method of Participation

Participants should first read the objectives and other introductory CME/CE information and then proceed to the educational activity. To receive your contact/CE hours view the presentation video, and complete and pass a 10-question test on the presentation content (80% is considered passing).

Credit is provided through December 1, 2018. No credit will be given after this date. If you attended the 2018 National Nurse Practitioner Symposium, these enduring materials hours are complimentary and separate from the contact/CE hours you received at the live meeting. If you did not attend the 2018 National Nurse Practitioner Symposium, the cost is \$5 per test attempt. If you are not successful in passing a test on first attempt, you may retake the same test after a 24 hour grace period, which allows you time to review the presentation video again.

Faculty

Jennifer Rodgers, DNP, APRN, ACNP-BC; Director, Office of Advanced Practice, University of Colorado Hospital; Aurora CO

Disclosures

In accordance with the Accreditation Council for Continuing Medical Education (ACCME), Dannemiller requires that any person who is in a position to control the content of a CME/CE activity must disclose all financial relationships they have with a commercial interest.

The following faculty members have no financial relationships with commercial interests:
Jennifer Rodgers, DNP, APRN, ACNP-BC

Bernard Abrams, MD content reviewer; Jennifer Hodge, Project Manager, Dannemiller; and NNPS coordinating staff have no financial relationships with commercial interests.

To resolve identified/potential conflicts of interest, the educational content was fully reviewed by a member of the Dannemiller Clinical Content Review Committee who has nothing to disclose. The resulting certified activity was found to provide educational content that is current, evidence based and commercially balanced.

Off-label statement

Off label statement provided: This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by FDA. The opinions expressed in the educational activity are those of the faculty. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings. Further, attendees/participants should appraise the information presented critically and are encouraged to consult appropriate resources for any product or device mentioned in this program.
