

## Guidelines for Oral Presentation Slides

### Formatting:

- Presentations must be submitted as a PowerPoint or Keynote file (PDF files not accepted).
- Use a neutral design background for slides (patterns, graphics or dark backgrounds can cause legibility problems when presentations are put into handout format).

- Use at least 36 point for title, 24 point for body text and 12 point for footnote text.

**Content – Each presentation must include three slides at the beginning:**

- Slide 1 – Title

*Evolution of the Nurse Practitioner  
– a Co-founder’s Perspective*

Loretta C. Ford, RN, EdD, PNP, FAAN, FAANP

National Nurse Practitioner Symposium  
July 8, 2021  
Keystone, Colorado

- Slide 2 – Financial and/or Label Disclosure Statement

**Disclosures:**

Loretta C. Ford, RN, EdD, PNP, FAAN, FAANP has no financial relationships with commercial interests to disclose.

*(or if a financial relationship exists)*

Loretta C. Ford, RN, EdD, PNP, FAAN, FAANP is on the Speakers Bureau for AstraZeneca and has received Grant/Research funding from Pfizer.

*(and/or if medications or medical devices will be discussed)*

Any unlabeled/unapproved uses of drugs or products referenced will be disclosed.

- Slide 3 – Learning Objectives (list three learning objectives)

**Learning Objectives:**

1. Identify patient care needs gap
2. Produce teamwork methods
3. Develop healthcare best practices

## Commercial Bias:

- The Accreditation Agency reviews each presentation to assure there is no commercial bias.
- Generic names must be used throughout the educational activity. If a brand/trade name is used in print, the generic name must also be included in parentheses.
- If you include pictures of any medical devices or brand name products in your presentation, the company logo and brand name must be obscured. (You can insert an appropriately colored rectangle on to the picture in the PowerPoint slide)
